Dear Professor,

I am writing to provide you with an update on the preparations for KLH Bachupally's annual tech-fest, "Viwentiaa 2026."

So far, the organizing committee has completed the initial planning and finalized the schedule for the major events. We have also divided responsibilities among the student volunteers and completed the registration arrangements. The publicity and promotion work has been started, and the requirements for venues, equipment, and technical support have been discussed.

The remaining tasks include finalizing the event venues, confirming technical and equipment requirements, coordinating with participants and volunteers, and completing the final publicity activities. We also need to conduct a final review of the event schedule and make sure all arrangements are ready before the event.

We will continue working on the remaining tasks and aim to complete them on time. Please let us know if there are any additional instructions or changes you would like us to make.

Thank you for your guidance and support.

Best regards,
Jaswanth
Organizing Committee
Viwentiaa 2026
